## Welcome

Whether you are a new or an existing client, we would like to thank you for choosing our practice. Our aim is to provide the best possible healthcare for your pets in a pleasant, friendly environment. We are committed to keeping ahead of the latest developments in modern veterinary practice – providing high-quality treatment at sensible prices. To enable pet owners to spread the cost of healthcare, we have designed our own practice membership scheme – the **The Gold Club**.

## Gold Club Benefits:

- Twice-yearly health checks
- Annual vaccination
- Full flea prevention
- Full worming
- 10% discount on all services and goods e.g. diets, medicines (exclusions apply\*)
- Extended Payment Scheme
- Accident Insurance option
- Easy Direct Debit budgeting for the best in preventative health care.

## Prevention is better than cure!

- Our practice membership scheme provides pet owners with the support they need to help their pets stay fit and healthy.
- Regular visits mean that we have the opportunity to administer necessary vaccinations and dispense accurate and up-to-date worming and flea treatments. In addition, an overall clinical examination gives us the opportunity to carefully monitor the general health of your pet and offer advice, support and treatment planning, which in many cases may prevent problems arising in the future.
- Furthermore, the cost of maintaining the good general health of your pets is distributed throughout the year by making monthly Direct Debit payments – it couldn't be simpler.
- Whilst spreading the cost of healthcare, all members then qualify for additional discounts on other items in the practice. Also, should a pet need an expensive operation or treatment costing over £250, payment can be spread over a number of months (conditions apply).
- Pets on the Gold Club can be covered by an insurance of up to £2,500 should they require treatment after an accident. An excess applies (this additional option is available for a small extra premium).
